Our Roadmap for the Future: The CAS Strategic Plan

CAS Strategic Plan

- Long Term Future

The CAS will be recognized globally as the premier organization in advancing the practice and application of casualty actuarial science and educating professionals in general insurance, including property & casualty and similar risk exposures.

CAS Strategic Plan

CAS Strategic Plan

Is our roadmap pointing us in the right direction?
What do you think?

Basic Education

- The CAS will provide a basic education system that reflects contemporary and relevant analytical techniques and business skills utilizing new technologies for delivery and validation.

Basic Education

- The CAS will provide a basic education system that reflects contemporary and relevant analytical techniques and business skills utilizing new technologies for delivery and validation.

Basic Education

- Progress to Date:
 - Examiners Report
 - Education Structure Task Force Report
- Strategic Focus for 2014:
 - Increase the scope and breadth of statistics on the Syllabus and decrease the amount of less relevant material.
 - Admissions Technology Task Force

Admissions Technology Task Force

- Moving away from paper and pencil test-taking environment.
- Design assessment to be more job-related.
- Will explore content delivery, test taking, test grading, releasing scores, and more.

Continuing Education

- Continuing professional development programs will support the needs of all members globally in established and emerging areas of expertise.

Continuing Education

- Continuing professional development programs will support the needs of all members globally in established and emerging areas of expertise.

Continuing Education

CAS Student Program | This is a test announcement.

Join Us

Employers value CAS credentials – Associate of CAS (ACAS) and Fellow of CAS (FCAS) – as the gold standard. With this in mind, we invite university students to become members of CAS Student Central. We care about your developing career and take it as seriously as you do.

Future Focus

Read from our guest bloggers – from seasoned casualty actuaries and recruiters to professors, recent graduates and students – who share their personal experiences and practical insights on landing that internship, how to navigate exams and study demands, what catches the attention of employers, and much more.

Puzzler

Find a new brain twister here every month. We'll post a variety of puzzles that challenge your mind, stretch your thinking and hone your problem-solving skills.

Student Central Online Community

Stay connected!

- Future Focus blog shares insights, tips and perspectives from practicing casualty actuaries, university professors, students and others.
- CAS member directory will give you a sense of how far and wide, broad and deep our network is.
- View and connect with other student members
- Receive updates from the CAS

How can you get involved?

- Become a University Liaison
- Provide internship opportunities
- Sponsor a research opportunity/contest
- Facilitate the availability of data
- Teach a class or speak at an Actuarial Club Meeting
- Serve on an advisory board at a university
- Provide funding for scholarships/programs
- Invite local universities to your regional affiliate meetings
- Career Day/Job Shadows at your company

Research

- The CAS will be recognized globally for developing and publishing practical applications of cutting edge research in property/casualty topics.

Research

- The CAS will be recognized globally for developing and publishing practical applications of cutting edge research in property/casualty topics.

Research

- Focus to Date:
 - Translation from theoretical to practical.
- Strategic Focus for 2014:
 - Increase engagement with other actuarial organizations and professions worldwide in order to increase the depth and breadth of research in General Insurance topics.

General Insurance & Property-Casualty Actuarial Alliance

- Discussions underway with key non-US P/C actuarial organization leaders:
 - UK /GIRO
 - Australia
 - Canada
 - South Africa
 - ASTIN, IAA

Automated Vehicles Task Force

- Task Force will clarify the risks related to this developing technology by:
 - highlighting the technological and regulatory developments to the actuarial community
 - performing analyses that further the understanding of the technology's riskiness
 - identifying opportunities for the CAS and the insurance industry to influence and improve the risk identification and quantification process

Professionalism

- The CAS will support activities that continue to enhance confidence among stakeholders and that promote the highest quality of work among CAS members.

Professionalism

- The CAS will support activities that continue to enhance confidence among stakeholders and that promote the highest quality of work among CAS members.

Professionalism

- Progress to Date:
 - Assessment that on-going activities are performing well.
- Strategic Focus for 2014:
 - Publish a best practices guide for peer review of actuarial work products.

Member Community

- Members will value participation and membership in the CAS community.

Member Community

- Progress to Date:
 - Implementation of CAS Online Communities
 - CAS Membership Survey
- Strategic Focus for 2014:
 - Continue to improve connectivity of membership and candidates.
